# GLOBAL MEDIA PACK

"India Energy Week has rapidly ascended to become the world's second-largest energy conference in just three years. This event comes at a critical time, as geopolitical shifts are reshaping the global energy order. It is imperative that we engage in collaborative dialogue to ensure an inclusive energy transition, acknowledging the continued role of hydrocarbons while accelerating the development of clean energy solutions."

**H.E. Hardeep Singh Puri,  
Minister of Petroleum & Natural Gas, Government of India**

## ABOUT INDIA ENERGY WEEK 2026

India Energy Week is India's flagship global energy event, convening ministers, policymakers, CEOs, innovators, investors and major international organizations shaping the future of the global energy system.

As one of the largest and most internationally diverse energy events in the world, IEW serves as a neutral, solutions-focused event for advancing energy security, affordability, sustainability and global cooperation.

This media pack provides essential information, assets and resources for international journalists and publications covering the event.

## EVENT OVERVIEW

**Dates:** 27–30 January 2026

**Location:** ONGC Advanced Training Institute (ATI), Betul, South Goa, India

**Organizers:** Federation of Indian Petroleum Industry (FIP) & dmg events

**Under the Patronage of:** Ministry of Petroleum & Natural Gas, Government of India

**Official Theme:** Energizing Growth. Securing Economies. Enriching Lives.

**Website:** [www.indiaenergyweek.com](http://www.indiaenergyweek.com)

## WHY IEW MATTERS - GLOBAL CONTEXT

IEW 2026 takes place at a pivotal moment for global energy markets. With rising demand, shifting investment flows and mounting pressure to deliver practical progress on decarbonization, the event serves as a neutral platform for cooperation on:

- Energy security & system resilience
- Practical pathways to decarbonization
- Scaling clean-energy technologies
- International collaboration & policy alignment
- Green finance and emerging markets investment

India now accounts for 25% of global oil-demand growth, ranks among the world's leading clean-energy markets and is on track to be the third-largest economy by 2030 – making IEW a focal point for global engagement.

## IEW IN NUMBERS

**75,000+**

energy professionals

**700+**

exhibiting companies

**120+**

countries represented

**6,500+**

conference delegates

**550+**

speakers

**120+**

conference sessions

IEW 2026 will feature **12+ country pavilions**, showcasing national strategies for energy security, innovation and transition.

**KEY MEDIA THEMES/STORYLINES FOR 2026**

Potential angles for news and feature coverage:

- India's pivotal role in global energy demand and clean energy leadership
- Global cooperation in an era of geopolitical uncertainty
- Practical decarbonization and green finance
- Breakthrough clean-energy technologies
- Energy demand growth and system resilience
- India's expanding role in global supply and transition
- Investment flows into emerging-energy markets
- Workforce transformation and next-generation talent
- Digitalization: AI, automation & next-gen energy systems

**India now accounts for 25% of global oil-demand growth, ranks among the world's leading clean-energy markets and is on track to be the third-largest economy by 2030 - making IEW a focal point for global engagement.**

# PROGRAMME OVERVIEW

IEW 2026 includes:

## STRATEGIC CONFERENCE

High-level dialogues with ministers, policymakers, CEOs and global energy leaders on:

- Energy collaboration • Energy transition • Energy resilience
- Energy equity • Energy investment • Future workforce
- Digital frontiers • Innovation

## TECHNICAL CONFERENCE

Applied solutions from: multinational energy companies, NOCs, IOCs & PSUs, high growth start-ups and engineering & technology innovators.

Industry specialists, technologists, startups and innovators presenting applied solutions across the energy value chain.

## EXHIBITION & PAVILIONS

Over 700 companies showcasing global technologies, partnerships and investment opportunities across:

- Hydrogen & new fuels • LNG ecosystems
- Renewable energy systems • AI, digitalization & automation
- Make in India initiatives • Advanced energy systems

## EXHIBITOR LIST:

<https://exhibitors.indiaenergyweek.com/india-energy-week-2026/Exhibitor>

## SPEAKERS:

<https://www.indiaenergyweek.com/conference/strategic-conference-speakers/>

## FULL AGENDA:

<https://www.indiaenergyweek.com/conference/strategic-conference-agenda/>

## SPOKESPEOPLE & INTERVIEW OPPORTUNITIES

IEW 2026 offers accredited media the opportunity to engage with a broad range of high-level spokespeople, including:

- Ministers and senior policymakers from the Ministry of Petroleum & Natural Gas
- C-suite executives and CMDs from India's leading energy companies
- International CEOs and corporate leaders attending the Strategic Conference
- Technical experts and innovators across hydrogen, LNG, digitalisation, renewables and low-carbon technologies

A dedicated media liaison desk, operated in coordination with PIB and dmg events, will:

- Facilitate interview requests submitted by the media
- Match journalists with the most relevant spokespeople
- Coordinate interview timings and locations (on-site and virtual)
- Provide pre-interview briefing notes where required
- Support remote and broadcast interviews in line with PIB/DMG protocols
